## About me

---

I am a dedicated and ambitious high school sophomore with a strong academic background, particularly in science, with a deep passion for physics. I actively engage in extracurricular activities such as SkillsUSA and the Leo Club, where I develop leadership/technical skills and contribute to community service. My ultimate goal is to pursue a career in Aerospace, and I am committed to continuing my growth in both academic and extracurricular pursuits as I work toward this dream.

## Experience

---

### Perot Museum | Dallas, TX

#### ConnectTEEN internship/General Volunteer | 2025-Present

Participated in STEM workshops, workforce readiness workshops, and team-building activities, where I engaged in hands-on experiences within the exhibits of the Perot Museum. Throughout this time, I collaborated with over 100 volunteers and 1000 guests each day, honing my skills in customer service, teamwork, and problem-solving. I earned over 100 volunteering hours.

### SkillsUSA Club | Wylie, TX

#### Member | 2024-Present

Participated in SkillsUSA competitions and events. Collaborated with peers on community service projects to promote career and technical education (CTE) awareness in the fields of engineering and IT. Engaged in workshops to enhance knowledge of skilled trades and leadership professions.

### VSNA Dallas Chapter | Dallas, TX

#### Volunteer Coordinator | 2024-Present

Created and maintained positive relationships with volunteers to ensure their satisfaction with the organization's mission and objectives. Assisted with event planning activities by coordinating logistics for recruiting volunteers for specific tasks or assignments. Planned volunteer appreciation events, ordered gifts, and coordinated other ways to thank volunteers for their service.

### Leo Club | Wylie, TX

#### Volunteer Coordinator/Communications Officer | 2024-Present

Organized 15+ community service projects and volunteer initiatives, collaborating with multiple local organizations. Managed and led a team of 100 volunteers, coordinating schedules, logistics, and outreach to address community needs, and developing leadership, teamwork, and problem-solving skills.
