Bassem Haddad

Dekwaneh, Lebanon | +961 70 430248 | bassemEhaddad04@gmail.com | bassem.haddad1@net.usj.edu.lb

Profile

Motivated and detail-oriented Computer and Communication Engineering student with a strong foundation in software development, networking, and database management. Skilled in programming languages, problem-solving, and data analysis. With 15 years of experience in a scout organization, I have developed leadership, teamwork, and organizational abilities. Eager to apply my knowledge and skills in a dynamic professional environment.

Education

- Computer and Communication Engineering – Software | University of Saint Joseph | 2022 - Present
- Baccalauréat libanais – Science Générale | Ecole Zahrat El-Ihsan | 2022

Skills and Abilities

- Programming Languages: *Python, C++, SQL, MATLAB*
- Networking: basic networking knowledge *(CCNA Introduction to Networks, Routing & Switching)*
- Database Management: Relational Databases *(SQL)*
- Microsoft Office: *Word, Excel, PowerPoint*
- Problem – Solving and Analytical Thinking
- Teamwork and Leadership (15 years in a scout organization)
- Multitasking and adaptability in dynamic environments

Certification and Training

- CISCO Certificate – CCNA Introduction to Networks | Fall 2024
- Power of Creativity | 2022 | Leadership Empowerment Education Program - LAU
- Power of Emotional Intelligence | 2022 | Leadership Empowerment Education Program - LAU
- Power of Optimization | 2022 | Leadership Empowerment Education Program - LAU
- The power of Investment Finance | 2022 | AIESEC
- Diplôme d'Etude en Lange Française (DELF B1) | 2018

Languages

- Arabic – Native
- French – Fluent
- English – Fluent

Hobbies

Scouting | Woodworking | Camping | Hiking | Basketball

Relevant Coursework

1- Software and Programming
   - o Object-Oriented Programming (C++)
   - o Python programming
   - o MATLAB programming
   - o Unix Administration
2- Data and Algorithms
   - o Relational Databases (SQL)
   - o Graph Theory and Operational Research
   - o Statistics and Probability
3- Networking and Systems
   - o Introduction to Data Networks
   - o Routing and Switching
   - o Analog and Digital Communications
4- Project and Communication Skills
   - o Project Management
   - o Technical Expression and Communication
   - o Engineering Project Initiation
