EDUCATION

CUNY New York City College of Technology, Brooklyn, NY

Expected May 2026

- Bachelor of Technology; Major: Mechanical Engineering Technology

Relevant coursework: Advanced Manufacturing Processes, Advanced Solid Modeling, Computer-Aided Graphics, Computer-Aided Manufacturing

EXPERIENCE

CNC Programmer Training Program

February 2026 - Present

Brooklyn Navy Yard, Brooklyn, NY

- Learning Mastercam software to build on the knowledge and skills acquired through the past program, and will use to set up and machine multiple parts

Asset Protection & Product Flow Specialist

June 2022 - Present

Best Buy, Brooklyn, NY

- Collaborate in a team to complete inventory replenishment and order fulfillment
- Complete inventory audits and conduct detailed research to ensure accurate product replenishment
- Prevent theft and customer dissatisfaction by remaining calm in high-stress situations, actively listening, and assessing to provide the most effective resolutions

Green Careers Accelerator Program

June 2025 - August 2025

Brooklyn Navy Yard, Brooklyn, NY

- Matched with a "green" company through the BNY's Green Careers Accelerator Program and interned with a test engineer
- Learned how to read Piping and Instrumentation Diagrams (P&IDs) and helped edit them with the software Bluebeam to ensure industry standards
- Interpreted a P&ID to install a line of pipe, and learned how to read and use mass flow meters/ mass flow controllers and hand valves

CNC Operator Training Program

July 2024 - November 2024

Brooklyn Navy Yard, Brooklyn, NY

- Participated in a 16-week program that provided hands-on instruction on CNC equipment and manufacturing software, providing students with NIMS and Haas certifications
- Learned about the shop safety, benchwork, and layout for the usage of CNC equipment and a variety of hand tools
- Hands-on learning on the programming, setup, and operations of CNC mills and lathe

SKILLS & CREDENTIALS

- Software: CAD software (AutoCAD, Inventor, and SolidWorks) and Mastercam software
- Computer: Microsoft Office (Word, Excel, etc.) and Google Workspace (Docs, Sheets, etc.)
- Language: Spanish
- Credentials: NIMS Measurement, Materials, and Safety; NIMS Job Planning, Benchwork, and Layout; and NIMS CNC Lathe Programming, Setup, and Operation
